Class Day: _____ Class Time: _____

Beacon Health & Fitness / Elkhart Health & Aquatics Swim Lesson Scholarships are an opportunity to offer our program for those in the community who would be unable to participate in the program due to financial reasons. This opportunity is available for our Group Swim Lesson program. There are 10 scholarship opportunities per session which are selected at random from those who apply. Applications are due by the predetermined deadline for the session (Thursday of the week before registration opens) and those who receive a scholarship must register for the class by 5pm on the Monday before registration opens to the public to guarantee a spot in the class. Scholarships are non-transferable between participants or sessions. There must be an application for each individual participant and applicants must reapply for each session with a new application by the deadline.
