**Stretch & Mobility** | Utilize gentle stretching along with range of motion exercises to improve flexibility & mobility

**Tai Chi** | An ancient Chinese tradition that involves a series of movements performed in a slow, focused manner accompanied by deep breathing. Posture, relaxed deep breathing, flowing movement and a basic understanding of mind-body connection, appropriate for all levels.

**Tai Chi Qi Gong For Active Recovery** | After a hard week of work & working out, engage in active recovery to maximize restoration within your body & mind over the weekend

**Warm Water Flow** | Water causes less stress on the joints & allows students to experience postures they may be unable to achieve on land. The resistance of the water also helps to build strength & allow students to achieve a greater range of motion while enhancing relaxation for a deeper meditative experience.

**WATERinMOTION®** | Aqua exercise workout that provides a low impact, high-energy challenge for cardiovascular workout tones and tapers the entire body.

**WATERinMOTION® Strength** | Take advantage of the aqua environment to build muscular endurance, power & overall tone in a workout using aqua dumbbells. Water minimizes the strain of gravity on the joints and ligaments to prevent overuse on the muscles while enhancing recovery time and improving flexibility and power.

**Xcelerate** | Our instructors will take you on a ride to the rhythm of music. Saddle up and prepare for a blast of speed in every track.

**Yoga** | Based on the Hatha style of yoga. Practice at your own pace & feel good in your body!

- **Chair Flow / Yoga** - Gentle practice in which postures are performed while seated and/or with the aid of a chair.
- **Power Yoga** - a vigorous form of yoga that combines elements of Vinyasa and Ashtanga yoga through a flowing sequence of poses linked by breath. You'll flow between different poses (think lunges, downward-facing dog, and warrior poses) while using breathe work to help focus and center yourself throughout the practice.
- **Slow Flow Yoga** - Experience a blend of deep restorative stretching balanced with a strength building flow to build heat in the body. Each class is designed to warm the muscles to allow for deeper stretches, increase mobility, and ease tension. Restore the body, mind, and spirit in this meditative practice.
- **Sunrise Yoga** - Wake up and flow! This class will consist of some faster paced flows and an exploration of more challenging sequences. Some previous experience in yoga is recommended.
- **Yoga Foundations** - Whether you are brand new to yoga or an experienced yogi who prefers slower sequences, this class is for you. Poses and sequences will be broken down more to encourage safety in practice and mindful movement.
- **Yoga Fusion** - Yoga with Pilates Influence using props to enhance the experience
- **Yin Yoga** - a gentle and meditative style of yoga, that targets your deeper connective tissues or fascia. You'll hold passive floor poses for 3-10 minutes at a time, allowing your body to sink into the stretch and promoting relaxation
- **Vinyasa Yoga** - Focuses on linking breath with movement to attain balance in the mind and body. Several postures will be linked together in a sequence or flow at a medium to faster pace.
