Boot Camp

Come fire up your day with this class designed to provide a mix of aerobic, strength training, and conditioning elements utilizing different equipment and movements in every class. Variety is key!

Cardio Dance

Cardio dance classes fuse musical rhythms and choreographed dance moves together to create a dynamic workout that's designed for fun—and a good workout! No prior dance experience is required. Classes offer easy-to-learn moves that anyone can pick up.

Cardio Drumming

High-intensity drumming which uses hand-eye coordination and fun movements for the whole body. This class uses a stability ball, drumsticks and fun music to get your heart pumping.

Chair Stretch

Based on the Hatha style of yoga. Practice at your own pace & feel good in your body!

Cycling

Our instructors will take you on a ride to the rhythm of music. Saddle up and prepare for a blast of speed in every track.

Deep Aqua

This deep-water exercise provides the benefits of cardiovascular training with little to no stress on your joints. This low-impact workout utilizes flotation devices and offers new challenges to your muscles while easing the strain in those problematic areas. (Participants must be able to climb a pool ladder to enter and exit.)

Deep Stretch

This class is a great option for anyone who is looking for a class to create ease in their body and mind and a good choice for athletes and anyone dealing with muscle tightness or stiffness. Our deep stretch classes begin with a short grounded flow to gently warm up the body, followed by increasingly passive poses held for 1-4 minutes to bring ease into all areas of the body. Deep stretch is a good compliment to faster and stronger practices. Expect to be seated, lying down, and supported with props for much of the class.

HIIT Bootcamp

In this class you'll experience a combination of short bursts of intense exercises. Options for all moves are provided. You'll burn calories, improve your cardiovascular health, and work your way to a leaner, stronger body!

Sculpt & Tone This class will sculpt you into shape quickly and effectively! Tone your arms, legs and get a rock-solid mid-section by utilizing free weights, resistance bands, physio balls, and your own body weight.

Power Hour

Our Instructor will take you through a Spin and Strength with free weights hybrid class!

Senior Pep Fitness

Get energized and improve endurance, flexibility and strength. This fitness class helps seniors stay active and live healthier lives. Classes are led by our specially trained instructors.

Silver Strength

A gentle approach towards building and maintaining strength and increasing range of motion and functionality—translating to a higher quality of life and increased levels of activity within the participating population. It is open to all and is an ideal exercise solution for participants with mobility limitations.

Strength

Use weights, bands, stability balls, body bars and the BOSU® to work all the muscle groups of the body.

Stretch/Balance

Gentle stretching from head to toe while working on your balance. Leave feeling refreshed and open.

Strong Cycle

A resistance and endurance based ride, focusing on incline work and longer runs.

WATERinMOTION®

The newest aqua exercise workout that provides a low impact, high-energy challenge. This cardio workout helps to tone the entire body.

**Lanes open to participants 10 minutes before class starts.*

WATERinMOTION® Strength

Takes advantage of the aqua environment to build muscular endurance, power and overall tone in a workout using aqua dumbbells. This class uses the unique properties of water to build lean muscle through the creative use of drag, resistance, and buoyancy. Water minimizes the strain of gravity on the joints and ligaments to prevent overuse on the muscles while enhancing recovery time and improving flexibility and power.

**Lanes open to participants 10 minutes before class starts.*

Yoga

Based on the Hatha style of yoga. Practice at your own pace & feel good in your body!

- **TRX Yoga** - A flowing TRX Yoga class that blends mindful Yoga movements with supportive strength of suspension training. In this class you will pair breath with each movement using the TRX to enhance your balance, deepen flexibility, and build stability.

Zumba

Pump the jams and get moving in this fun, energetic class to get the heart pumping - you won't even know it's exercise.
